2019 APOLLO 11 50TH ANNIVERSARY COMMEMORATIVE COIN PROGRAM

The Apollo 11 50th Anniversary Five-Ounce Proof Silver Dollar marks several "firsts" for the United States Mint. It is the first five-ounce coin with a proof finish, the first with a reeded edge, and the first to be curved.

President John F. Kennedy's famous 1961 challenge to the Nation of "achieving the goal, before this decade is out, of landing a man on the Moon and returning him safely to the Earth," launched a quest that helped shape and define the 1960s. With Kennedy's vision pointing the way to the ultimate destination, the United States embarked on a journey that required unprecedented innovation, technological and scientific advances, and—perhaps most of all—perseverance in the face of formidable odds.

To celebrate the first manned Moon landing on July 20, 1969, the United States Mint is proud to present the 2019 Apollo 11 50th Anniversary Commemorative Coin Program. This milestone achievement was a testament to the work of hundreds of thousands of Americans over many years. Some of our brightest minds brought a laser-like focus to meeting Kennedy's challenge and advancing humanity's knowledge.

OBVERSE:

This design features the inscriptions "MERCURY," "GEMINI," and "APOLLO," separated by phases of the Moon, and a footprint on the lunar surface, which together represent the efforts of the United States space program leading up to the first manned Moon landing. Additional inscriptions include "2019," "IN GOD WE TRUST," and "LIBERTY."

REVERSE:

This design features a representation of a close-up of the famous "Buzz Aldrin on the Moon" photograph taken July 20, 1969, that shows just the visor and part of the helmet of astronaut Buzz Aldrin. The reflection in Aldrin's helmet includes astronaut Neil Armstrong, the United States flag, and the lunar lander. Inscriptions include "UNITED STATES OF AMERICA," "FIVE DOLLARS," "ONE DOLLAR," or "HALF DOLLAR," and "E PLURIBUS UNUM."

The iconic Apollo 11 mission, which launched on July 16, landed on the Moon on July 20, and returned safely on July 24, 1969, inspired generations, defined an era, and captured the imaginations of people throughout the country and world. The 2019 Apollo 11 50th Anniversary Commemorative Coin Program features beautifully crafted coins that remind us of an optimistic and inspirational event in our Nation's history. It was a moment worth both commemorating and celebrating—a triumph of the human spirit that brought people together and reaffirmed our shared humanity and sense of purpose.

The Apollo program lasted from 1961 to 1972 and included six Moon landings. Their crews brought back with them the results of many scientific experiments and nearly 400 kilograms of lunar samples for research and analysis. The Apollo 11 Moon landing and those that followed each built upon the other, with new additions like the lunar rovers.

"Here men from the planet Earth first set foot upon the Moon. July 1969 A.D. We came in peace for all mankind."

– Inscription on the plaque left on the Moon by Apollo 11 crew.

The Apollo 11 50th Anniversary Half Dollar Set features an Apollo 11 Proof Half Dollar and a Kennedy Enhanced Reverse Proof Half Dollar. Celebrating the correlation between President Kennedy and the American space program, this set is limited to **100,000 units.**

2019 APOLLO 11 50TH ANNIVERSARY COMMEMORATIVE COINS

Fifty years ago, the world watched in awe as American astronauts landed on the Moon. To honor this giant leap for mankind, the United States Mint is proud to present the Apollo 11 50th Anniversary Commemorative Coin Program featuring the second curved design in the U.S. Mint's history.

The concave obverse (heads) features one of mankind's first footprints on the Moon's surface with the words "Mercury," "Gemini," and "Apollo" inscribed above, separated by phases of the Moon.

The convex reverse (tails) shows a representation of the iconic "Buzz Aldrin on the Moon" photograph taken July 20, 1969. Neil Armstrong, the United States flag, and the lunar lander are captured in the reflection of Aldrin's helmet.

These same iconic designs are featured on all coins in the program—$5 gold, silver dollar, half dollar, and five-ounce silver proof.

Capture a breathtaking, inspirational moment in world history by adding an Apollo 11 50th Anniversary Commemorative Coin to your collection today.

A CENTURY ★★★

STRONG

2019 AMERICAN LEGION 100TH ANNIVERSARY COMMEMORATIVE COINS

The American Legion 100th Anniversary Commemorative Coins pay tribute to the landmark institution that has served our veterans for the past century. This steadfast commitment to our Nation's veterans, its servicemembers, their families, the youth of America, and ordinary citizens continues today. The United States Mint is proud to mark The American Legion's extraordinary milestone—a century of dedication—with a new ensemble of commemorative coins.

The silver dollar obverse design features the Legion's emblem surrounded by oak leaves and a lily. The inscription "Liberty" floats above the emblem, while the reverse design carries the inscription "100 years of service" over the crossed flags of the United States and The American Legion.

The obverse of the gold coin features the outer border of The American Legion emblem, the Eiffel Tower, a V for "Victory," and the inscription "1919," which represent the Legion's inception in Paris after World War I. The reverse showcases a soaring eagle and the complete emblem of the Legion.

The half dollar features imagery depicting children reciting the Pledge of Allegiance, with the girl wearing her grandfather's old American Legion hat. The inscription "I pledge allegiance to the flag..." is included on the obverse and continued on the reverse with "...of the United States of America."

SINCE 1919, THE AMERICAN LEGION HAS GROWN TO NEARLY 2 MILLION MEMBERS IN 12,875 POSTS WORLDWIDE.

2019 AMERICAN LEGION 100TH ANNIVERSARY COMMEMORATIVE COIN PROGRAM

ON MARCH 15, 1919, The American Legion was founded in Paris, France, by members of the American Expeditionary Forces occupying Europe after World War I. Focusing on service to veterans, service members, and communities, the Legion was incorporated by Congress the same year as a patriotic veterans' organization devoted to mutual helpfulness.

The American Legion was founded on four pillars: Veterans Affairs and Rehabilitation, National Security, Americanism, and Children and Youth. Each of these pillars encompasses a variety of programs and continues to guide the Legion's mission today. Its programs make a difference in hundreds of thousands of lives each year, and past accomplishments include helping to create the U.S. Veterans Bureau, now the Veterans Administration; American Legion Baseball Program, and original GI Bill of Rights.

In celebration of a century of service, the United States Mint is proud to present the 2019 American Legion 100th Anniversary Commemorative Coins. This program features six individual coin designs paying tribute to the values and service of The American Legion.
